Avail the Siemens Financial
Services Advantage for your
next Jagmohan Machine

Making Jagmohan machines
more accessible to you

<https://www.jagmohan.com>

Jagmohan machines is a name that has epitomized **Trust** and **Quality** since 1980. We take our responsibility as India's leading manufacturer of Extrusion Blow Moulding Machinery very seriously. We not only equip our customers with the best technology, but we also ensure our customers can economically access this technology.

Our long-term partner **Siemens Financial Services (SFS)** has technical expertise and financial know-how – making them a reliable choice to finance your next Jagmohan machine purchase. Established in 2011, **Siemens Financial Services** has created a niche for themselves as financiers who understand technology. Avail the **SFS Advantage** and gain additional value from your Jagmohan machine.

Effective Financing Solutions from Siemens Financial Services:

SFS understands that every business has unique requirements, and offer customized solutions that can unlock more from your equipment purchase.

- **Term loan** solutions allow businesses to purchase equipment easily and affordably.
- With the **Lease solution**, you get tax benefits and the flexibility to upgrade or purchase equipment at the end of its tenure.
- Working capital crunch? Effective **Deferred payment** solutions enable you to purchase new equipment without restricting your **cash flow**.

What is the SFS Advantage?

Collateral-Free finance

Completely digital deal processing

In-principle approval in 24-48 hours*

Special Rates and Schemes

Customized financial solution
